

Overseas Lecturers will join from:

Asia

- Cambodia** Institute of Technology of Cambodia
China Chinese University of Hong Kong, Hong Kong University of Science and Technology, Harbin Institute of Technology, Nanjing University, Peking University, Southern University of Science & Technology (SUSTech)
India Tata Institute of Fundamental Research
Korea Seoul National University, Yonsei University
Malaysia University of Malaya
Philippines Philippine Space Agency
Taiwan National Chiao Tung University, National Taiwan Normal University, National Taiwan University
Thailand Chulalongkorn University
Vietnam National Institute of Occupational and Environmental Health (NIOEH)

Oceania

- Australia** Charles Darwin University, James Cook University, University of Melbourne, University of Tasmania, University of Technology Sydney, University of Western Australia
New Zealand Cawthron Institute, Landcare Research (Wildlife Ecology & Management), University of Auckland

Europe

- Belgium** University of Antwerp
France Grenoble Alpes University, IMT Atlantique
Germany Bremen University, Institute of Aerodynamics and Flow Technology Sciences, Jade University of Applied Sciences, Ruhr-University Bochum
Italy Ca' Foscari University of Venice, University of Pisa, University of Rome Tor Vergata
Poland University of Warmia and Mazury in Olsztyn
Portugal University of Algarve
Russia Far Eastern Federal University, Irkutsk State University, Pacific National University, Sakhalin State University
Sweden Dalarna University, Karolinska Institute, KTH Royal Institute of Technology, Stockholm School of Economics, Stockholm University
Switzerland ETH Zurich
UK De Montfort University, Nottingham Trent University, Oxford University, University of Edinburgh

North America

- Canada** University of Calgary, Simon Fraser University, University of Alberta, University of British Columbia, University of Manitoba, University of Montreal, University of Toronto
USA Michigan State University, Ohio University, Oregon Department of Forestry, Oregon Health and Science University, University of Alaska Fairbanks, University of California, Berkeley, University of California, Davis, University of Florida, University of Guam, University of Illinois at Chicago, University of Massachusetts

Central and South America

- Brazil** Federal University of Bahia, Federal University of Rio de Janeiro
Colombia University of Antioquia

Africa

- Zambia** University of Zambia

International Organization

- DHI Group, World Health Organization (WHO)

And other institutions (as of November 2020)

Summer School at HOKKAIDO UNIVERSITY

HOKKAIDO SUMMER INSTITUTE

Hokkaido, Japan
June–October

2021

Study at HSI, one of the largest
summer schools in JAPAN.

Hokkaido Summer Institute offers over 150 courses taught by HU and prestigious university faculty members worldwide. Join our global community and explore a diverse range of subjects to discover the world anew!

This summer,
discover the world anew.
Study amongst the beauty
of Hokkaido, Japan.

 Hokkaido Summer Institute Managing Section,
Student Exchange Division,
Academic Affairs Department, Hokkaido University

North 15, West 8, Kita-ku, Sapporo,
Hokkaido, 060-0815, Japan

Seemingly unrelated worlds will link to each other somehow. Join us and have new experiences along with international students at HSI this summer.

Hokkaido Summer Institute (HSI), one of the largest summer schools in Japan, is a program that brings together world-leading researchers with proven educational and research records, and provides educational courses in cooperation with the Hokkaido University (HU) faculty members. In 2021, more than 160 researchers from all over the world will gather at HU.

HSI also allows its participants to expand their knowledge of subjects in world-class research fields of HU which used to be open only to HU students. Program participants have an opportunity to attend classes by attractive educational techniques such as field training using Hokkaido's extensive land, and active learning to develop human resources capable of thriving on the world stage.

The medium of instruction at HSI is English. This provides international students with a stress-free learning environment without having to worry about language barriers, and also creates a special opportunity for Japanese students, who can participate in classes taught by internationally acclaimed researchers.

HU has high expectations that the HSI students cultivate a better understanding of other cultures and improve communication skills through exchanges with researchers and students from other countries. Off-campus events are also planned to let the participants enjoy Hokkaido's beautiful summer.

Hokkaido University

Founded in 1876, Hokkaido University is one of the oldest, largest, and most prestigious universities in Japan. The university has 12 undergraduate schools and 21 graduate schools, covering almost all area of the humanities and social and natural sciences. Furthermore, we are one of the leading institutions for research activities in Japan and worldwide. We offer a comprehensive educational experience, world-class research facilities, and all the attractions of living in the cosmopolitan city of Sapporo. Our campus is located in a breath-takingly beautiful setting. Green spaces are spread throughout the campus, offering warm and welcoming atmosphere.

Sapporo and Hokkaido

Sapporo is the 5th most populated city in Japan with a population of 1.9 million. Even though it is a big city, Sapporo is surrounded by a beautiful natural environment that makes one forget that you are in an urban setting. Sapporo strength is not only its beauty, but also its safety, delicious and fresh foods, and its comfortable climate. During the Hokkaido Summer Institute program, numerous cultural events will be held—such as the YOSAKOI Soran Dance Festival, the Annual Hokkaido Shrine Festival, and Pacific Music Festival—and we know that participants will make the most of their time with us at HU; and of course, they can enjoy stunning views of nature by traveling a short distance to our surrounding towns to get a complete Hokkaido experience.

Courses

Humanities

- Linguistics
- Philosophy
- Logic
- History
- Archaeology

Social Sciences

- Law
- Politics
- Economics
- Sociology
- Psychology
- Social Ecology
- Public Policy
- Regional Science

Sciences

- Physics
- Mathematics
- Life Science
- Biology
- Cellular Science
- Materials Chemistry
- Biological and Polymer Chemistry
- Molecular Chemistry
- Bioinformatics
- Nanoscience
- Nanotechnology
- Catalysis
- Marine Biology / Ecology
- Environmental Science
- Cosmoscience
- Pharmacology
- Neuroscience
- Brain Science

*Please regularly refer to the website for detailed and updated course information.

Engineering

- Mechanics
- Energy and Resource Engineering
- Materials Engineering
- Mechanical and Space Engineering
- Civil Engineering
- Environmental Engineering
- Information Science

Agriculture

- Agricultural Resource Economics
- Food Resources
- Plant Breeding

Health

- Medicine
- Health Science
- Medical Physics
- Biomedicine
- Dentistry
- Veterinary Medicine
- Physiology
- Epidemiology

Education

- Pedagogy
- Education for Sustainable Development

Art

- Science and Art

Interdisciplinary Studies

- Contemporary Studies
- Area & Border Studies
- Arctic & Antarctic Studies
- Sustainability Studies
- Tourism

and so on.

Program Outline

HSI 2021 will offer over 150 courses ranging from bachelor to Ph. D level during the summer (June – October) 2021. Many of the courses are 1 week – 2 weeks in length. You can combine courses according to your major and interests.

*If you cannot come to Japan due to the COVID-19-related travel restrictions, you may be able to take classes online. Please check the website for courses offered online.

Eligibility

- Degree-program students at universities [Currently enrolled students]
- High school graduates / University graduates [Non-students]

Credit

1 credit or 2 credits will be awarded upon completion of each course.

Fees

Tuition fee : **14,800 JPY** per credit

Notes :

- Tuition fee will be waived for students from HU's partner institutions under certain conditions.
- Application Fee (9,800 JPY) and Entrance Fee (28,200 JPY) will be charged to Non-student applicants.

Early Online Application Period

February 1 – 15, 2021

For other application periods and more details, visit our website.

📄 <https://hokkaidosummerinstitute.oia.hokudai.ac.jp/>

Accommodation

Overseas applicants can apply for HU student dormitory during the early application in February.

Participants' Voices (as received)

I love Hokkaido! Really enjoyed the time studying here. This program helps me to build relation with other students from different nationality, learn many things and experience good activities.

Great!!! It's my best summer! I really enjoyed my stay here, and I would recommend this HSI program to everyone!

It's really nice experience during the HSI. I found a newer and bigger world! Thanks for the wonderful opportunity.
